

# Small Wonders Child Care Center

The relationship that we as teachers have with the children under our care is important and influential to the child's health, development, and well being. We provide a safe environment by planning, organizing, developing and establishing quality child care for all children. In order to provide a warm and caring environment for our children to learn and grow in, we strive to have daily communication with parents. Communication is key in building quality child care for the children within program.

There are several items that your child will need for his/her first day of school or first day in the older - toddler room:

- Pictures of your children and your family
- Extra set of clothing labeled with child's name (in a shoebox or clear container)
- Diapers, Wipes, and ointment for diapering (labeled with child's name)
- Sheet and blanket (for child's cot) and any special toy for nap time
- Weather appropriate clothing for outside play (i.e.: bathing suit, water shoes, towel, and sunscreen - summer / hat, gloves, and boots - winter etc.)

The teachers in the room will send home a note requesting re-fills for diapers or any other special item that your child may need.

Please feel free to ask any questions, we are always available.
